

DR. S. A. LATTI'S IMPROVED
PRESCRIPTION FOR THE CURE OF
Dyspepsia.—This medicine has been used by many
hundreds in the United States, and especially in
some parts of the western country. It is recom-
mended especially for the cure of Dyspepsia, and
as a general remedy, it has succeeded beyond the
most sanguine expectations of the proprietor.
And the increasing demand for these medicines,
is the best evidence that he could have, that the
expectations of the Dyspeptic have been fully re-
alized. This Balm is intended to excite the ac-
tion of the liver, equalize the circulation, purify
the blood, disperse humors, improve the state of
the skin, direct flatulency, and remove obstructions
from the stomach, and thereby prevent the genera-
tion of acidity and its consequences, in diges-
tion. It is an effective remedy for habitual con-
stipation. It is wholly vegetable, and perfectly safe.
Those who are troubled with constipation, cholera,
sick head-ache, dizziness, sickness of the stomach,
cold feet, heart burn, water brash, swelling of the
stomach, with pain after eating, raising the food
after eating, with belching; and those who are
much debilitated, accompanied with a palpitation
of the heart, or with weakness and diarrhoea, will
do well to avail themselves of the advantages to
be derived from the use of these medicines.

In Dyspepsia, the patient should commence by
taking one half teaspoon full one hour before
breakfast, dinner and supper. If this quantity
produces purging, after three or four days, the
quantity may be reduced so as to prevent consti-
pation, and to continue its use until health is re-
stored; but if this quantity is not sufficient to
obviate constipation, it should be increased until
it is accomplished. This Balm is perfectly safe,
restoring health and vigor to the constitution in
so short a time that patients are apt to think
their disease is removed at too early a
period, and therefore omit the use of medicine
too soon. If the use of one bottle in any given
case, does not afford relief, the patient need not
expect relief from its use. In those cases in
which this medicine will succeed, its good effects
will be realized in a few days; in that case the
patient should persevere until a permanent cure is
effected. In general to do this, the tonic mixture
should be taken at the same time. See directions
on the bottle.

Tonic Mixture.—This medicine is designed
to give tone to the system. It is the most pow-
erful vegetable Tonic and Carminative; it strength-
ens the stomach, increases the appetite, and is an
indispensable auxiliary to Latta's Anti-Dyspeptic
Balm for the cure of Dyspepsia. The medicine
may also be used in all debilitated habits
with great advantage and perfect safety. Adults
should take two teaspoons full three times per
day, and continue the use of the medicine as long
as it may be found serviceable.

N. B.—The Balm is taken before, and the
Tonic Mixture after each meal.

Prepared by Dr. S. A. Latta, Roselle, Ohio.

CERTIFICATES.

This is to certify that I have examined Dr. S. A. Latta's prescription for the cure of Dyspepsia, and as a general remedy, I have no doubt that it is equal, if not superior to any other remedy of the kind now offered to the public, and that it will answer the intentions for which it is recommended. I am the more clearly convinced of this from having witnessed its good effects in some important cases, in which a long continued treatment had failed. I am satisfied that these medicines will be of general service to the community, from the fact that they are almost universally approved by all who have witnessed or realized their effects, and from the eagerness with which they are sought for in the communities where they have been introduced. I more cheerfully recommend these medicines, because they do not appear in the character of infallibility, nor do I understand them to be offered as a nostrum for every disease, but as a prescription (of one who has a right to prescribe) for the cure of Dyspepsia. They are purely vegetable and perfectly safe.

Dr. J. WATERMAN.

Lebanon, Ohio, Jan. 6, 1835.

This certifies that my wife for the last four years has been afflicted with Dyspepsia, to an alarming degree. It would be useless to attempt a description of her symptoms. But it seems that she was afflicted with almost every symptom to which human flesh is heir. In the time of her affliction she was attended by ten Physicians, and was finally pronounced incurable. I then applied for Dr. Latta's Anti-Dyspeptic Balm and Tonic Mixture, and I feel it my duty to say that though she has taken but one bottle of the Balm and two of the Tonic Mixture, she is now restored to a comfortable state of health, and has commenced attending to her domestic affairs. Previous to taking your medicine, she was wholly confined to her bed for thirteen weeks. You are at liberty to publish this for the benefit of Dyspeptics, as I have no doubt but that it ought to be universally known. I have spent with other doctors more than one hundred dollars to no purpose.

Your respectfully,

ADAM SURFACE.

Clear Creek, Warren Co., Dec. 20, 1834.

This is to certify that I have been relieved of my Dyspeptic symptoms, which have been severe and of long standing, by the use of Dr. S. A. Latta's Balm and Tonic Mixture. I have been under the care of several eminent Physicians, and tried many of the popular medicines of the day with but little effect, and am free to say that these medicines are the best that I have ever used.

THO. ANDERSON.

Cincinnati, Nov. 10, 1834.

This is to certify that my wife has been relieved of the following symptoms by the use of Dr. S. A. Latta's Anti-Dyspeptic Balm and Tonic Mixture. For the last four years she has labored under Dyspeptic symptoms. Such as pain in the breast and side, attended with a cough, also pain, soreness and swelling of the stomach together with the raising of the food after eating, headache, dizziness, constipation, diarrhoea, palpitation of the heart, great flatulency with belching and cold feet. The long continuance of these symptoms produced great debility. She has followed the prescriptions of several eminent Physicians, and used the most celebrated remedies without relief. She is now almost entirely relieved by the use of one bottle of Dr. Latta's Balm and Tonic Mixture. In view of this, I have given the above certificate, with a desire that it should be published for the good of those who may be afflicted in the same way.

HUGH JOHNSON.

Lebanon, O., Nov. 1834.

I hereby certify that for the last two years I have been afflicted with the following symptoms, to an alarming degree, viz. dizziness, and pain in the head, also in the breast and side, slight cough, soreness and pain, with soreness at the pit of the stomach, swelling in the stomach and pain, with water after eating, with frequent raising of food after each meal, heart-burn and cold feet. I was of sensitive habit and at the time I commenced taking your Balm and Tonic Mixture, I was so debilitated as to be unable to attend to any business, or even leave my house. I have now used one bottle of the Balm and one of the Tonic Mixture, and am restored to the enjoyment of a comfortable state of health, and have resumed my occupation in life.

JOHN PATTON.

Warren Co., O., Dec. 20, 1834.

Having heard of the success of Dr. Latta's Anti-Dyspeptic Balm and Tonic Mixture in relieving Dyspeptic patients, my curiosity was led me to pay some attention to the demand for the medicine. I live in part of the house in which said medicine is kept for sale, and I am frequently in the store, and must acknowledge that the demand for this medicine far exceeds my expectations, and the demand appears to be increasing. And as far as my knowledge extends, beneficial results have been the consequence of the use of this medicine, and I have no doubt but it is as effectively calculated to remove all the symptoms of Dyspepsia in a very large majority of cases which have baffled the skill of hundreds, and the strong probability is that if Dyspeptics would follow the

directions accompanying each bottle, there are very few, if any, who would not be benefited.—
Dr. J. BORDEN.

Lebanon, Ohio, Jan. 8, 1835.

FOR SALE by Julius Bristol, Constantine, Mich.; Fowler & Coffin, Bristol, Ind.; Harris & Co., Goshen, Ind.; DeFrees & Co., Elkhart, Indiana; Sayer & Mather of Middlebury, N. Y.; C. Kellogg, White Pigeon, John W. Talbot, Centerville.

Constantine, Oct. 19, 1836. 16y

THE subscriber, having been appointed Administrator of the estate of Thomas Simmons, late of St. Joseph county, deceased, and having accepted the appointment and taken upon himself that trust, all persons interested will take notice accordingly. NEAL McGAFFEY.
White Pigeon, April 24, 1837. 44

GEORGE W. SCHNAREL, begs leave to inform the public, that he continues to make up Cloth to order, as usual, at his Shop, on Water street, Constantine, where he will be happy to receive, and attend to all orders for work in his line of business.

Having made arrangements to receive the New-York and Paris FASHIONS, regularly, as soon as published, and from long experience in his business, he flatters himself that he will be able to give entire satisfaction to those who may favor him with their work.

He intends building a shop room, for the purpose of carrying his business, and keeping on hand a general assortment of READY MADE CLOTHING. From the more than liberal patronage which he has heretofore received from the citizens of Constantine, and adjacent country, and the rapid growth of this village, he feels confident in the belief, that any additions which he may make to his business, will be amply rewarded by the approbation and encouragement of the public.

CUTTING will be done in the latest style, and warranted to fit, if properly made up. In conclusion, he would be permitted to express his thanks for past favors, and solicit a continuance of public patronage.
Constantine, June 29, 1836. 4f

NOTICE.—The undersigned having been appointed administratrix on the estate of Sidney Tefft late of St. Joseph county, deceased, and has given bonds as the law directs. All persons having demands upon the said estate are requested to call at the same, and all persons indebted to the said estate are called upon to make payment.
PHEBE TEFFT.

Constantine, Nov. 30, 1836. 224f

NEW LOWELL WOOLING FACTORY.—The subscriber would respectfully inform the citizens of St. Joseph county, and the balance of the world, that his Carding Machine is in complete operation, at his old stamping ground, one mile south of Pigeon Prairie; and I pledge myself to those that patronize my Factory, to do their work in order and with dispatch.

N. B.—I shall commence Cloth Dressing by the twentieth of Sept., and I would say to my patrons—please fetch your cloth so that it can be dressed within the Fall months, for washing cloth about in cold water, in the month of January, is not what it is cracked up to be.

W. W. B.
New Lowell, St. Joseph co., July 10, 1837. 54

SUBSTITUTE FOR CALOMEL.—Miles' Pills, the Genuine Hygienic Medicine of the American College of Health, proves on trial to possess all the good qualities, and none of the deleterious consequences of Calomel. For sale by GEO. FREES, District Agent, Volusia.

Also, H. B. Houston, Kalamazoo; Milo Winslow, Allegan; Charles Gregory, Jonesville; Jan. Herron, Charleston; Shouder & Co., Coldwater; Martin C. Whitman, Whitmanville; Kellogg & Chapin, White Pigeon; W. A. Sanger & Co., Montville; W. D. House & Co., Constantine; Smith & Bowman, Three Rivers; James Smith, Schoolcraft; Sub-Agents.

BANK NOTICE.—By an arrangement with the Bank Commissioners, the banks in the third judicial circuit, will be under the immediate supervision of the undersigned. Until further notice, all communications intended for me in relation to my official duties, should be sent to St. Joseph, Berrien County, postage paid.—Every bank subject to the General Law, that does not give the real estate security required by the sixth section of the amended act, and within the time prescribed by the 36th section, will be considered as unable or unwilling to do so, and be dealt with accordingly; and any bank that shall increase its present circulation without having given legal and satisfactory security upon real estate, and the mortgages duly executed, certified to, recorded and filed in the office of the Auditor General; or that shall heretofore violate the 41st section of the said act, by issuing its notes without endorsement by a Bank Commissioner, will be considered as intending to evade the law, and defraud the public. The County Register should not only certify that there is no incumbrance on the mortgaged premises, but also, that the title appears of record, to be vested in the mortgagor, and that he is satisfied with the fact. Nothing short of a rigid adherence to the law on the part of all concerned, can restore public confidence in our banking institutions, or protect the people against imposition or fraud. No plea of ignorance will be permitted as an excuse for a palpable violation of law. The interest and honor of the state, as well as of the banks, imperiously demand that every officer having any duty to perform under the General Banking Law, should discharge it with fidelity, that the Bank Commissioners will at least endeavor to do; and for the information of all concerned, and that there may be no just cause of complaint hereafter, let it be distinctly understood, that every institution that does not, within 90 days from and after the 10th of January last, bring itself, in every respect, within the requirements of the general banking law, will be considered as having voluntarily and longer to disgrace such as comply with the law.

THOMAS FITZGERALD,
one of the Bank Commissioners.
St. Joseph, March 10, 1838.

TWO EMIGRANTS AND TRAVELERS.—The Erie and Kalamazoo railroad is now in full operation between TOLEDO AND ADRIAN.

We will also keep a constant supply of Salt on hand.
W. WHITTAKER & CO.
New Buffalo, June 20, 1836. 1y1

HEALTH.—BAILEY'S CHEMICAL COMPOUND FLUID EXTRACT OF SARSAPARILLA, for purifying the blood, and removing all diseases arising from impurities of Mercury, exposures and imprudences in life. Scrofula, Kings' Evil White Swelling, diseases of the liver and skin, constitutional weakness, chronic and nervous affections, &c. &c. It has also been found a most successful and fall purifier of the blood. The rapidly with which this article has sold, and the very flattering recommendations it has received, are evidences of its superior efficacy. The subscribers are among the communications in the hands of the proprietor.

In calling attention to the medical virtues of this celebrated fluid, I would advert to the fact that families with every physician, that a numerous class of diseases arise from that impure state of the blood, which this active remedial agent is so efficacious in purifying. The great importance attached by medical practitioners to the properties of the Sarsaparilla has engaged the attention of chemists, as to the mode of preparation in which its virtues can be most advantageously combined. Thus the experiments have resulted in the discovery that the CHEMICAL COMPOUND FLUID EXTRACT is decidedly superior to any other form in which it can be used. Since the introduction of the Fluid Extract, it has grown into rapid and extensive use, and its reputation is constantly increasing. We consider it one of the most valuable articles in the Materia Medica, and find a material advantage in the standard preparation of a uniform strength which is obtained by the Fluid Extract. Its superiority over the Decoctions and Syrups sometimes made use of, is strikingly apparent. It obviates the necessity of preparing fresh decoctions every day; and does not surfeit and nauseate the stomach with the large proportion of sugar which is contained in the decoctions, and which renders it incapable of holding much of the pure extractive matter in solution. One bottle of the Fluid Extract is fully equal to a gallon of the syrup, or the decoction, as usually prepared.

The virtues of this valuable medicine cannot be too extensively known, as there is scarcely an individual who would not be benefited by its use. The uniform testimony of medical men in its favor, and the great success which has attended its introduction, both in hospitals and private practice, is a convincing proof of its value, and of its superiority over other preparations of the Sarsaparilla.

MEDICUS.
Mr. C. C. Bristol.—Dear Sir: Please send me four dozen bottles of Bailey's Compound Fluid Extract of Sarsaparilla.

I cannot but express my highest sense of gratification in the result this excellent preparation has had in the cure of Cutaneous Diseases. In every case which has come under my practice, it has had the most complete success. Not one—even the most obstinate and long standing—but has received a permanent cure from this very excellent compound. In a section of country like this, where the principal diseases arise from a vitiated state of the blood, I think the introduction of your preparation will be of the most eminent service.

I consider it the nearest preparation of sarsaparilla I have ever met with, and as such I unhesitatingly give it my earnest recommendation.

Tru yours, &c.
T. P. WHITPLE, M. D.
For sale by C. C. Bristol, sole proprietor, 207 Main street, Buffalo. Price 75 cents per bottle.

N. B.—Observe that none can be genuine without the signature of the proprietor in his own hand writing.

The public are cautioned against a spurious preparation.
